Re: Netflix Lawsuit – How to apply to become a charity beneficiary?

Hi. I read about the Netflix lawsuit – and that the proceeds will be donated to selected charities. How can I nominate my charity organization to be a beneficiary of the class action lawsuit?

We are a 501(c)(3) nonprofit public charity dedicated to helping people with brain tumors. We would use the funds for either of our 2 main programs:

1. A patient copayment assistance program – where we help patients get access to expensive treatments
2. Funding brain tumor research

I am enclosing a copy of our brochures. If you would like more details on our organization, please contact me at 888-295-4740 or by email: musella@virtualtrials.com

Sincerely,

Al Musella, DPM
President
